NEVADA SAFETY AND HEALTH PROTECTION ON THE JOB

The Nevada Occupational Safety and Health Act, NRS Chapter 618, provides job safety and health protection for workers through the promotion of safe and healthful working conditions throughout the State of Nevada. Requirements of the Act include the following:

EMPLOYERS:

Each employer shall furnish to each of his employees employment and a place of employment free from recognized hazards that are causing or are likely to cause death or serious physical harm to his employees; and shall comply with occupational safety and health standards adopted under the Act.

EMPLOYEES:

Each employee shall comply with all occupational safety and health standards, rules, regulations and orders issued under the Act that apply to his own actions and conduct on the job.

The Nevada Occupational Safety and Health Administration (Nevada OSHA) of the Division of Industrial Relations, Department of Business and Industry, has the primary responsibility for administering the Act. Nevada OSHA enforces occupational safety and health standards, and its Safety and Health Representatives/ Industrial Hygienists conduct jobsite inspections to ensure compliance with the Act.

INSPECTION:

The Act requires that a representative of the employer and a representative authorized by the employees be given an opportunity to accompany the Nevada OSHA inspector for the purpose of aiding the inspection.

Where there is no authorized employee representative, the Nevada OSHA Safety and Health Representative/ Industrial Hygienist must consult with a reasonable number of employees concerning safety and health conditions in the workplace.

COMPLAINT:

Employees, public or private, or their representatives have the right to file a complaint with the nearest Nevada OSHA office requesting an inspection if they believe unsafe or unhealthful conditions exist in their workplace. Nevada OSHA will hold confidential names of employees complaining.

The Act provides that employees may not be discharged or discriminated against in any way for filing safety and health complaints or otherwise exercising their rights under the Act.

An employee, public or private, who believes he has been discriminated against may file a complaint within thirty (30) days of the alleged discrimination with the nearest Nevada OSHA office or with Occupational Safety and Health Administration, U.S. Department of Labor, 90 7th Street, Suite 18100, San Francisco, CA 94103.

CITATIONS:

If upon inspection Nevada OSHA believes an employer has violated the Act, a citation alleging such violations will be issued to the employer. Each citation will specify a time period within which the alleged violation must be corrected.

The Nevada OSHA citation must be prominently displayed at or near the place of alleged violation for three days, or until it is corrected, whichever is later, to warn employees of dangers that may exist there.

PROPOSED PENALTY:

The Act provides for mandatory penalties against employers of up to \$16,131 for each serious violation and for optional penalties of up to \$16,131 for each nonserious violation. Penalties of up to \$16,131 per day may be proposed for failure to correct violations within the proposed time period. Also, any employer who willfully or repeatedly violates the Act may be assessed penalties of up to \$161,323 for each such violation.

Criminal penalties are also provided for in the Act. Any willful violation resulting in death of an employee, upon conviction, is punishable by a fine of not more than \$50,000 or by imprisonment for not more than six months, or by both. Conviction of any employer after a first conviction doubles these maximum penalties. Penalties may be proposed for public employers.

VOLUNTARY ACTIVITY:

While providing penalties for violations, the Act also encourages efforts by labor and management, before a Nevada OSHA inspection, to reduce injuries and illnesses arising out of employment.

The Nevada Occupational Safety and Health Administration of the Division of Industrial Relations, Department of Business and Industry, encourages employers and employees to reduce workplace hazards voluntarily and to develop and improve safety and health programs in all workplaces and industries.

Such cooperative action would initially focus on the identification and elimination of hazards that could cause death, injury, or illness to employees and supervisors.

Further information and assistance will be provided by Nevada OSHA to employees and employers upon request.

An employer is defined as, "Every person, firm, voluntary association and private corporation, including any public service corporation, which has in service any person under a contract of hire." "A person is not an employer ... if: (a) The person enters into a contract with another person or business which is an independent enterprise; and (b) The person is not in the same trade, business, profession or occupation as the independent enterprise." See NRS 616B.603(1).

An employee is broadly defined as, "... every person in the service of an employer under any appointment or contract of hire or apprenticeship, express or implied, oral or written, whether lawfully or unlawfully employed" (See NRS 616A.105), but excludes casual employees not in the same trade, business, profession or occupation; musicians not lasting more than 2 consecutive days; household servants, farming and ranching employees, voluntary ski patrol, sports officials paid a nominal fee; clergy, rabbi or lay readers, real estate brokers or sales persons; and commissioned sales persons (See NRS 616A.110).

An independent contractor is a person who is hired and paid solely to produce a result. It is defined as, "... any person who renders service for a specified recompense for a specified result, under the control of the person's principal as to the result of the person's work only and not as to the means by which such result is accomplished." See NRS 616A.255.

**NOTICE OF LIMITATIONS AFFECTING
THE APPLICATION OF LIE DETECTOR TESTS**

NRS 613.460(2) requires that each employer shall post and maintain this notice in a conspicuous location at the place of employment where notices to employees and applicants for employment are customarily posted and read.

Pursuant to NRS 613.440(2), Lie detector means polygraph, voice stress analyzers, psychological stress evaluator or any other similar device, whether mechanical or electrical, which are designed to determine the honesty or dishonesty of an individual.

NRS 613.480(1) prohibits employers or anyone acting in the employer's behalf from requiring or requesting that an employee or prospective employee take or submit to any lie detector test except as provided in NRS 613.510.

NRS 613.510 contains several exceptions which permit an employer to request polygraph examinations. An employer may request that an employee or prospective employee take a polygraph examination administered by a qualified person as part of an investigation of theft or similar wrongdoing affecting the employer's business which appears to involve the employee.

The employer may also request a polygraph examination administered by a qualified person with regard to prospective employees who would be employed to protect certain kinds of sensitive or valuable property or facilities. The use of a polygraph examination is also permitted to employers in businesses that handle controlled substances.

Such permission exists only in situations where job applicants or employees have direct access to the controlled substances or where suspected abuse or theft is involved.

NRS 613.480(3&4) prohibit an employer from taking adverse action against any employee or prospective employee based on the results of any lie detector test or refusal to take any lie detector test.

Employers who violate the provisions in NRS 613.440 to 613.510 are subject to civil liability in court, as well as fines imposed by the Nevada Labor Commissioner.

- C. An employer shall:
 - 1. Compensate an employee for the paid leave available for use by that employee at the rate of pay at which the employee is compensated at the time such leave is taken; and
 - 2. Pay such compensation on the same payday as the hours taken are normally paid.
- D. An employer may set a minimum increment of paid leave, not to exceed 4 hours that an employee may use at any one time.
 - 1. An employer shall provide to each employee on each payday an accounting of the hours of paid leave available for use by that employee. An employer may use the system that the employer uses to pay its employees to provide the accounting of the hours of paid leave available for use by the employee.
 - 2. An employer may, but is not required to, compensate an employee for any unused paid leave available for use by that employee upon separation from employment, except if the employee is rehired by the employer within 90 days after separation from that employer and the separation from employment was not due to the employee voluntarily leaving his or her employment, any previously unused paid leave hours available for use by that employee must be reinstated.
- E. An employee in private employment may use paid leave available for use by that employee as follows:
 - 1. An employer shall allow an employee to use paid leave beginning on the 90th calendar day of his or her employment.
 - 2. An employee may use paid leave available for use by that employee without providing a reason to his or her employer for such use.
 - 3. An employee shall, as soon as practicable, give notice to his or her employer to use the paid leave available for use by that employee.
 - 4. An employer shall not: deny an employee the right to use paid leave available for use by that employee in accordance with the conditions of this section; require an employee to find a replacement worker as a condition of using paid leave available for use by that employee; or retaliate against an employee for using paid leave available for use by that employee.
- F. An employer shall maintain a record of the receipt or accrual and use of paid leave pursuant to this section for each employee for a 1-year period following the entry of such information in the record and, upon request, shall make those records available for inspection by the Labor Commissioner.
- G. For the first 2 years of operation, an employer is not required to comply with the provisions of this section.
- H. This section does not apply to: (a) An employer who, pursuant to a contract, policy, collective bargaining agreement or other agreement, provides employees with a policy for paid leave or a policy for paid time off to all scheduled employees at a rate of at least 0.01923 hours of paid leave per hour of work performed; and (b) Temporary, seasonal or on-call employees.

Except as otherwise provided in NRS 608.0165, the Labor Commissioner may impose an administrative penalty of not more than \$5,000 for each violation of NRS 608.005 to 608.195 inclusive, in addition to other remedies or penalties as authorized by law.
